

JOIN US AT THE WATER WELL PROJECT

Seeking volunteers

We are looking for volunteers in Geelong!

WHAT IS THE WATER WELL PROJECT?

We are a not-for-profit, health promotion charity. Along with 400 healthcare professional volunteers, we provide tailored, interactive health education sessions to refugee and asylum seeker communities.

WHAT IS INVOLVED IN BECOMING A VOLUNTEER?

All our volunteers are healthcare professionals (doctors, nurses, midwives, physiotherapists, dentists, etc.) or in their final year of training. We run a compulsory induction session a few times per year for prospective volunteers. After induction, you are ready to facilitate sessions in the community with resources provided by our team.

HOW DO I BECOME A VOLUNTEER?

If you are interested and currently based in Geelong, please email Amanda at amanda@thewaterwellproject.org to register your interest in attending an upcoming induction in Geelong on Saturday April 8 2017.
